(2) An application for licence may be made in Form No. I, together with the licence and inspection fees, as prescribed in the Schedule to the Port Authority.

(3) On receipt of an application for licence, the Port Authority shall inspect the craft or cause it to be inspected and on being satisfied that the craft is seaworthy properly equipped and suited for the service for which it is proposed, issue a licence in form No. II:

Provided that the receipt issued for the payment of the licence fee shall be deemed to be the licence under this rule for a non-mechanised and non-passenger craft of upto 10.00 tons:

Provided further that the Port Authority or any Officer authorised by him in this behalf, may not inspect any craft holding a certificate of survey issued under the Inland Vessels Act, 1917 or the Merchant Shipping Act, 1958.

(4) In case the Port Authority refuses to issue the licence, it shall, before such refusal, inform the applicant in writing, by giving grounds for such refusal. If the defects or deficiencies are rectified to the satisfaction of the Port Authority, it shall issue the licence.

(7) The owner of every licensed craft shall, for the purpose of verification of the entries in the licence, produce the tindel of the craft before the Port Authority every year in the months of October, November or December on a date fixed by the Port Authority:

Provided that if such craft is away from the port on the date so fixed, the owner shall produce the tindel before the Port Authority within 24 hours of the return of the craft to the Port.

(8) No craft shall lie afloat within the limits of a port, with a crew complement of less than one third of the number specified in the licence or one in case of non-mechanised craft or two in case of mechanised craft, whichever is higher.

(9) A craft found plying in a port without a licence shall be liable for detention by the Port Authority pending finalisation of the proceedings for the violation for the provisions of the rules.
